

NASA Mid-Atlantic welcomes you as a Test & Tune participant at VIR!

Test & Tune is for licensed racers. You must have a current NASA or other approved sanctioning body race license or have sufficient credentials to apply for a NASA race license to participate. (If you are a HPDE3/4/TT driver, you will run in the Open Track group instead.)

For VIR events/NON-Hyperfest: No trailer drop or gate entry permitted prior to 6:00PM on Thur. of a 3 day event or 6:00PM on Fri of 2 day events. Gates are open 24 hours a day once event begins. **Camping Costs:** VIR collects these fees. RV: \$50; Tent \$35. Power \$30. Power not included with camping. **Gate fees:** Gate fee \$10 unless you have a current NASA Membership card or current Race license (which indicates membership). Please keep your gate wristband on all weekend.

For Summit Point Motorsport Park events: Gates open at 6:00PM Friday (2 day event) and will remain open 24 hours a day. Do not arrive earlier than 6:00PM on opening day because there is another NON-NASA event on track that day and you will not be allowed entry. Since Summit events are non-spectator events, all persons entering the track will sign a waiver and will need to indicate they are attending the NASA event. There is no gate fee. Please keep gate wristband on all weekend.

SCHEDULE AND SUPPLEMENTAL REGULATIONS: Please go to the event page linked from <http://www.nasaraicing.net> to view the supplemental regulations and schedule which will be posted approximately ten days prior to the event. Although we try our best to make announcements for your track time, you should pay careful attention to the time and what group is on track so you will know when to report to grid.

REGISTRATION: You must visit registration to get your wristband that allows you on track. Please bring your current NASA race license to show us.

TECH: Unless you have gone to a designated tech station prior to this event, you will need an annual race tech for the year and a sticker for this event. Please try to arrive Thursday evening or EARLY Friday morning. A NASA Logbook will be issued to you if you do not have one. If your car passes the race tech inspection, you will receive a tech sticker.

The Race Tech Form which will be used by Tech staff is available from <https://www.nasaproracing.com/forms>

CAR NUMBER: Your car number is your 1st preference you listed when you registered, unless you have been or are notified of the need for a change. Racers may reserve a number for 2019 here: <https://nasaproracing.com/events/2985>

CANCELLATION POLICY: Please see link to cancellation policy on event page and you must click that you agree when you register. Read thoroughly. Must give written notice to Laura Cobetto, laura@nasaraicing.net

All drivers are responsible for any track damage that is the result of their actions on or off the track and will be financially responsible for repair/replacement of damaged track property.

See you trackside!
