

NASA Mid-Atlantic welcomes YOU as a Racer for Hyper-Fest!

HyperFest is a spectator event and procedures are event specific. Please read the following information closely.

Thank you for being a part of HyperFest at Virginia International Raceway! At three weeks prior to the event, please go to the event page for the schedule and first driver list:

<https://nasaracing.net/may-13-15-2022-vir-hyperfest/>

Please go to the HyperFest website www.hyper-fest.com for more information about the overall event!

Since there may be gate congestion on Sat morning, please allow sufficient time to be at the SATURDAY MANDATORY 7:15 All Hands Meeting at the tech shed. The HyperFest spectator portion of the event occurs on both Friday and Saturday, however, NASA racing and HPDE will continue all day Sunday.

GATE, TICKETING AND CAMPING INFORMATION

The ticketing platform is Torkhub. Beginning on April 27 and every 3-5 days following that date, every registered driver will receive an email with instructions for how to obtain the following:

Free gate ticket for driver

Free gate ticket for one crew (guest)

Up to 4 discounted tickets

RV Camping or Trailer/tent camping pass if needed.

Gate Arrival: Paddock will open at 6:00PM Thursday evening for driving participants, crew, and staff and will remain open 24 hours a day through Sunday. If you arrive earlier than 6:00PM Thursday, you will be held in a staging area, but you can handle your check-in needs starting at 11AM Thursday.

Although Box Office ticketing is open 24 hours a day after 6PM Thursday, we highly advise arriving prior to 11PM Friday or after 6AM Saturday if possible. NASA Driver Check-in is closed from 11PM-6AM but the box office can help you with your needs if you arrive during that time.

****OPEN TRAILERS MUST BE PARKED IN THE AREA JUST OUTSIDE THE NORTH PADDOCK WHICH WILL BE POSTED ON THE MAP ON THE EVENT PAGE BY 3 WEEKS PRIOR TO THE EVENT****

For VIR events: No trailer drops or gate entry are permitted prior to 6PM Thursday.

Once gates are open, they remain open 24 hours a day. **Power \$30. Off-Road \$30. Fees for electrical and off road vehicle passes will be paid to VIR.**

Parking: There MAY be assigned paddocking. The paddock map will be posted at event page at nasaracing.net. There will also be overflow sections if you arrive and your assigned area is full. You will need to put the paddock sticker you are given at check-in on your upper driver's side windshield. You will not be allowed in the paddock without this pass, and there will also be a paddock marshall checking for paddock stickers inside the paddock. Each driver is allowed one support vehicle per registered driver. This is the vehicle that will be allowed in and out of the paddock. Friends, crew and family MUST park in general parking. No exceptions. There will be shuttles that provide transportation.

Saving spaces: You may save one space for a driving participant until 8AM on Friday morning. This must be marked by standard yellow "caution" tape or cones and must be removed at 8AM on Friday morning. PLEASE CONSERVE SPACE. If you are using more space than you should (tow/support vehicle, racecar), you will be required to condense your space. AGAIN, friends, crew, and family MUST park outside of the race paddock.

Saturday evening party: For the Hyperfest event, trophies for race winners are presented Saturday evening in the spectator area. Information regarding special free festivities for you will be discussed at the All Hands Meeting. Please ask at registration if you have any questions.

NASA Club Codes and Regulations/ NASA Mid-Atlantic Supplemental Regulations: You are responsible for knowing the information at these links:

<https://nasaracing.net/wp-content/uploads/ma-supp-ccr.pdf>

<https://nasa-assets.s3.amazonaws.com/document/document/282/2021.8.3.pdf>

VEHICLE APPEARANCE: Racecars are expected to have a good and clean appearance. Hyperfest Events are NASA sanctioned events. **All references to other series or sanctioning bodies must be removed or tastefully covered for Hyperfest events.** Each racecar must display official NASA stickers (available at tech) easily visible on all four sides. This policy will be enforced by grid officials. You do not want to lose valuable track time by having to come to registration to get your NASA stickers.

TRANSPONDERS: If you did not include your transponder number with your race entry, please e-mail it to laura@nasaracing.net. **If you wait until you arrive at the track to submit important info such as your transponder number, correct car number and/or make any changes/additions to your entry, you will pay \$25.** If you are renting a transponder, you are encouraged to pick it up Friday evening in the tech shed. Rental numbers have been recorded for preregistered persons. When you rent a transponder, you must leave a \$475 deposit (replacement cost) by check or credit card. When you return the transponder on Sunday, your deposit will be returned.

CAR NUMBER: Your car number is your 1st preference unless you are notified of the need to change. **You are responsible to have your car numbered before it will be allowed on the track. We do not provide numbers.**

TECHISTRATION FOR RACERS

The following system is designed not to penalize those that register late but to reward those that pre-register and have renewed their license.

Pick one of the following that applies to you.

- If you have **pre-registered AND already have a current annual race sticker, you do not need to go to techistration.** You must provide the following to your group liaison on Saturday morning:

Current Competition License with valid medical noted on license.

No need to bring an annual tech form since you have already submitted one and have an annual race sticker.

If all is in order you will receive your wristband (gets the DRIVER on the track). Group Liaisons will be introduced during the ALL HANDS MEETING at 7:15 AM

- **If you have pre-registered and have your current license, but DO NOT have a NASA vehicle logbook and/or annual tech for your car:** then you must bring to Techistration the following:

Vehicle (You will be issued a NASA Vehicle Logbook)

Safety Gear

Race Car Pre-Tech form

If your car passes tech, you will receive a current annual race sticker to be used all year.

***To receive your track wristband, you will show your 2021 NASA License with valid medical to your liaison at the 7:15AM meeting on Saturday morning.

If you have not registered, or do not have a current license or tech inspection, you will need to come to techistration.

ADDITIONAL INFO:

CANCELLATION POLICY:

Please see link for HYPERFEST policy here: <http://nasaracing.net/contact-us/cancellation-policy/>

No exceptions.

All drivers are responsible for any track damage that is the result of their actions on or off the track and will be financially responsible for repair/replacement of damaged track property.

If you have a general question after reading all the pre-event information, please email registration questions to laura@nasaracing.net and event questions to chris@nasaracing.net

See you trackside!
