

Each registered car may have a 15'x45' space. However creative and efficient consensual combining of space is welcome.

You may save ONE space for a friend until 8AM on Friday. Vehicles placed to save a space will be TOWED.

Please park open trailers in designated trailer parking. See Trailer Parking Map.

These designated paddock areas are a suggestion and do not denote borders to be fought over. Work with your fellow Brother/Sister in Speed to make room for all and a good time will be had by all! Thanks!!
